WHAT’S DRIVING YOU?
An interactive workshop that explores personality types and attitudes to driving.

This hour long workshop has been developed over 5 years alongside the highly successful Megadrive programme with Hertfordshire County Council. 1000’s of students have taken part and many have said that it has changed both their attitudes and lives.

The format and content of the workshop utilises corporate training techniques and aspects of personality assessment used in the world of management and staff development which are then combined with an exciting theatre companies style of delivery (including live performances, debates and much more). The activities are involving and informing encouraging students to assess themselves and their attitudes as a person, as an individual, as part of a community.

The workshop explores:

- CONFIDENCE
- COMMUNICATION STYLES
- ATTITUDES TO RISK
- DECISION MAKING

This experience has been designed to empower students to be successful, healthy achievers and as they are asked to examine their ideas, attitudes, and concepts of self relates to many areas of their life - and not just the journey in a car.
